

A TALE OF CHOICES: SYSTEM ANALYSIS

STORYBOOK

Truth, a determined child, begins a noble journey, inviting Confusion to join him. Hesitant and swayed by his pet Doubt, Confusion chooses a simpler path, lured by the cunning Envy.

While Truth struggles through challenges, Confusion follows the easy road, only to be stopped from helping Truth by the imposing Superiority. In the end, Truth reaches the peak of success, while Confusion stands below with Envy and Superiority, realizing too late that he chose the wrong path.
